ABOUT ME نبذة عني

صانع محتوى ومخطط محتوى متخصص في بناء استراتيجيات محتوى كاملة للبرندات من الألف للياء من تحليل الهدف والجمهور، للسيناريو والتوجيه البصري، وحتى التسليم النهائي — بهدف إنتاج محتوى بقابلية انتشار عالية (Viral). اعتمد بشكل أساسي على أدوات الذكاء الاصطناعي في كل مراحل الإنتاج (كتابة، تصميم، فيديو، تطوير مواقع) مع إدارة كاملة لعملية التنفيذ. لا أظهر أمام الكاميرا ولا أقوم بالتمثيل الشخصي: دوري هو التخطيط الاستراتيجي وإدارة الإنتاج.

A content creator and strategist who builds complete content strategies for brands from A to Z – from analyzing goals and audience to scripting, visual direction, and final delivery – with the goal of creating highly engaging and viral content. I rely mainly on AI tools throughout the entire production process (writing, design, video, and websites) with full project management. I do not appear on camera or act; my role is strategic planning and production management.

EXPERIENCE الخبرة العملية

AI-Powered Website Developer (Freelance)

2026

Project: Auto... | Client: Saudi Coffee Brand (Specialty Roastery – Taif)

- Designed and built a complete AI-powered website / digital menu for a real Saudi client as part of an SFDA-compliant QR menu service.
- Delivered a fully functional, responsive website with modern UI/UX and Arabic content.
- Successfully closed the deal and delivered the project, which led to a recurring monthly service agreement.
- A real, documented project – not a simulated or practice project.

Content Strategy – Independent Practice (Self-Initiated)

Ongoing

- Built complete content plans and campaigns for multiple brands as real clients to develop and test an end-to-end content planning methodology.
- Includes audience research, content pillars, content calendars, scripts, visual direction, and campaign concepts.
- Training projects to build practical experience; not yet executed with these brands as paid clients.

EDUCATION المؤهل العلمي

Bachelor of Engineering in Mechatronics
Beni Suef University of Technology
Expected Graduation
